## AIMS & OBJECTIVES OF SEMINAR

The Development any democratic country depends upon the status and quality of teachers, therefore teacher should have light academic and professional competencies

Since Independence the general scholarship, character and conducts of the teachers have deteriorated in place of improving because the main emphasis is given on theory courses which does not help in preparing effective teachers. Teacher must know the teaching theories, acts, operations, an acquire teaching; competencies. The government of India has realized this problem of teacher education and formed national council of teacher education (NCTE) to look after the status of the teacher of the country. Thus, to improve the quality of education. It is only the teacher who can change the society and prevent the continuous fill in moral values.

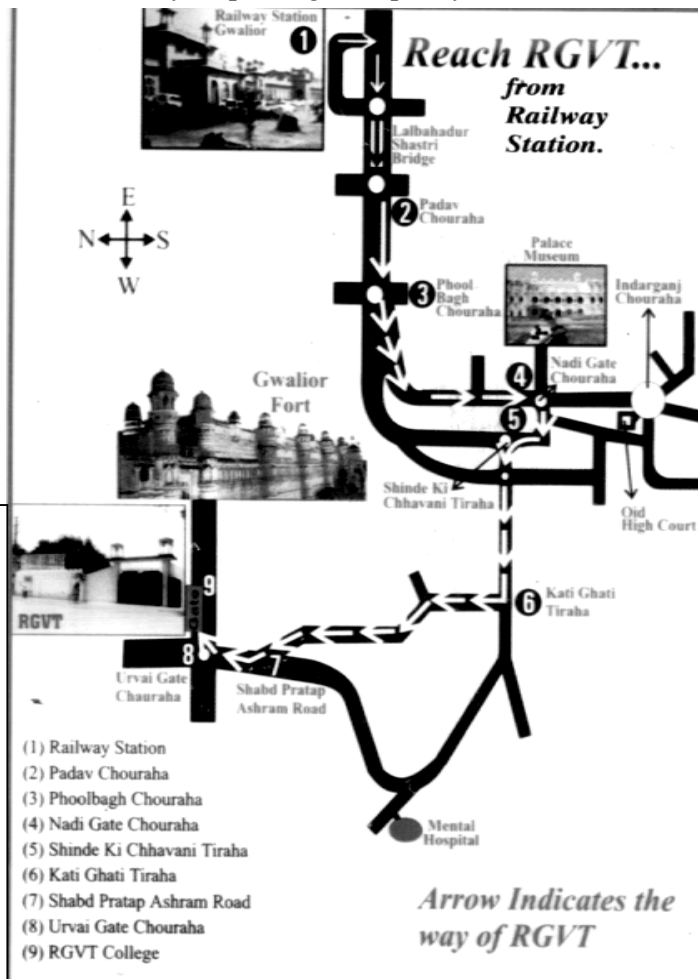

Keeping these circumstances in mind a National seminar has been organized to now and exchange the revise of teaching experts for ultimately improving the quality of education in the country.

### Sub Theme

1. Current Innovations in teacher education.
2. Different Barriers of teacher education.
3. Need and significance in service programme.
4. Remedial measures in teacher education in the light of National policy of education.
5. Present status of teacher in quality education.
